

## REMARKS

Applicant respectfully requests approval of the above-noted amendments to the Claims. The proposed amendments are merely grammatical in nature, and place the application in better form for issuance. More specifically, Claim 1 is being amended to remove the typographical error "packet", prior to the correct term "pocket"; and Claim 9 is being amended to include the final phrase of this claim from the original filing, which was inadvertently omitted in the first amendment. As such, the proposed amendments are merely formal in nature and do not add new matter. Therefore, Applicant respectfully submits that entry of the proposed amendments is permissible, and such entry is respectfully requested. Should the Examiner be of the opinion that further clarification is necessary, or that outstanding issues exist, the Examiner is invited to contact the undersigned attorney.

Respectfully submitted,
